About Breadth: how the score is calculated?   ✕
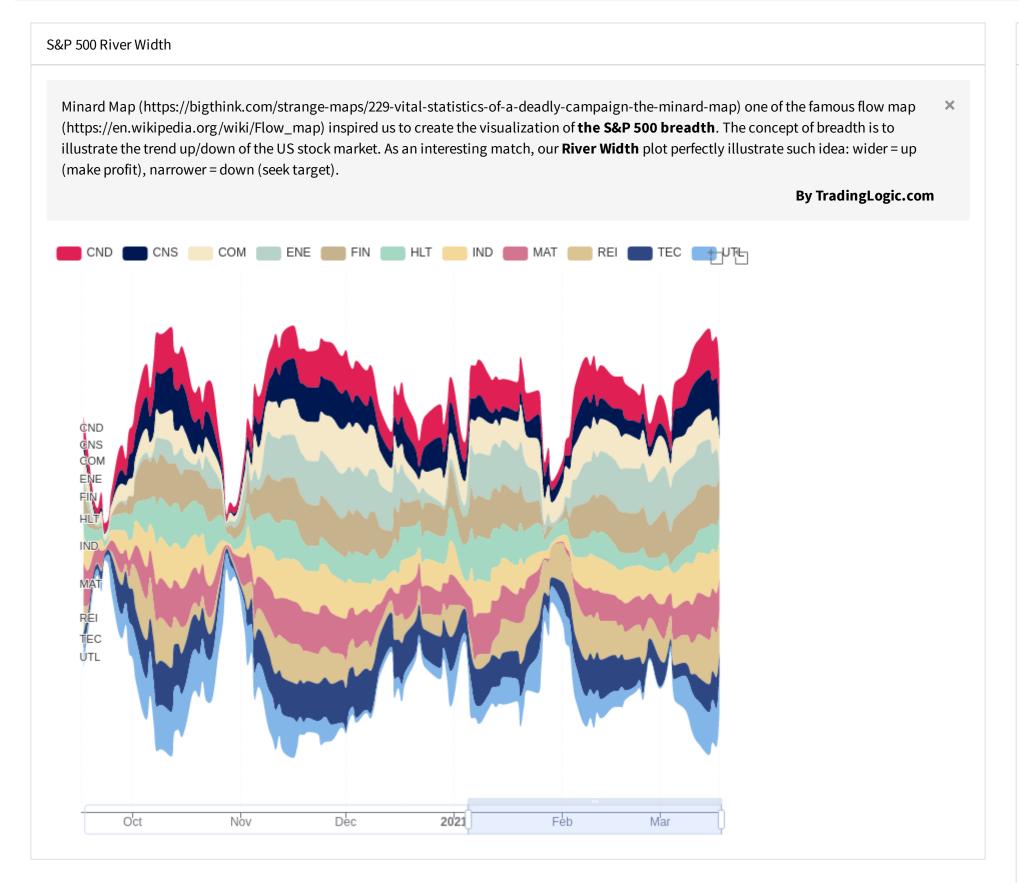

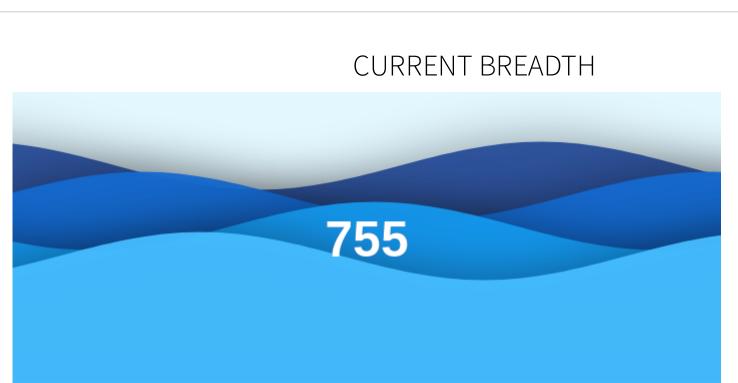

S&P 500 stocks are further categorized into 11 sectors based on Global Industry Classification Standards (GICS).

We calculate the percentage of equities which are above 20 day simple moving average (20-day SMA) by sector. The total breadth score for the SP500 is therefore 100 x 11 = 1100.

We also provide push notification service. You can Join Notification Channel (https://discord.gg/NddCjs72sa) and get notify the Breadth Score change during trading hours.
